## Horse trailer conversions

Posted by greenreiner - 2008/03/22 15:35

---

I was hoping that there was some handy guy (or girl) out there that could help me convert my gooseneck trailer dressing room into more of a living quarters. It is small, only a 2 foot short wall, but I dont need much. Mostly I need help insulating it and possibly help in building a boot/storage box with a step to get up into the bed area.

thanks all

:cheer:
